Subject: Dinosaurs tours Forbes Ranch

The Creation Studies Institute and Answers In Genesis is at this time involved in a major dinosaur dig on the Forbes property. We have set up funding for a five-year dig on the site and in phase one we have committed \$150,000 of which the Forbes will receive payments for the use of the property and also receive funds from the sale of the bones. In addition, we have planned at least six tours to the site, which will be open to the public, and we will handle all marketing and expenses for the project. The Forbes will receive payments for each tour we bring to the ranch. The amount will be determined by the size of the group with a minimum of \$1000 per tour. At this time, we have mailed to 500,000 families to let them know about these trips. We feel that the site is one of the best in the area for dinosaur bones and have made some great finds already.

Thank you,

Pete DeRosa

Field Director
